 - (a) Heat/ ऊष्मा
- (b) Radiation/ विकिरण
- (c) Energy/ उर्जा
- (d) Temperature / तापमान

SOLUTIONS

- 1. (a) K's value from end side in alphabet is 16
 - P's value from starting is 16
 - By multiplying both its 256
 - Similarly H's value from end side is 19
 - S's value from starting is 19
 - By multiplying both its 361
- **2.** (c); $17^2 = 289/2 = 144.5$
 - $13^2 = 169/2 = 84.5$
- **3.** (b); INDIA's National bird is PEACOCK
 - USA's National bird is Bald Eagle
- **4.** (c); For human food is energy giving material
 - For automobiles fuel is the energy source
- (d): In the group RANDOM, the order of letters is put according to alphabetical sequence to get ADMNOR. Similarly, PROJECT can be converted to CEJOPRT
- **6.** (a); In each group, letters are shifted 3 positions ahead, then next group is formed by shifting last letter of previous group by 4 letters forward
- 7. (d); Since Menu is a way to depict different types of food available, similarly we represent different types of books available through a Catalogue
- (c); 36 is the product of the digits of the square of 7 $(7^2=49=4*9=36)$. Similarly, for 9, the value will be 8.
- **9.** (a); 30 and 42 are numbers formed by 5*6 and 6*7. So, since, 72 is 8*9, next should be 9*10.
- 10. (a); CAMP is coded by writing its equivalent position from other end of the alphabet sequence. Similarly, HZOG was coded from SALT.

- **11.** (b) A touch has Feeling effect Similarly, Greet is Acknowledged.
- **12.** (a) 1 2 3 4

3 2 1 4 TAL E LATE \rightarrow

The first and the third letters have been interchanged. Therefore,

- 3 2 1 4
 - 1 2 3 4 FACE
- CAFE **13.** (c) $3^5 = 243$
 - Therefore,? = (5)5 = 3125
- **14.** (d) 6 + 12 = 18
 - Therefore, ? = 4 + 12 = 16
- 15. (d) Room is a part of the house, Similarly, nation is a part of the world
- **16.** (c)
- **17.** (c) 5 + 1 = (6)2 = 36

Similarly

- $6 + 1 = (7)2 \rightarrow 49$
- **18.** (d) 4 + 5 + 6 = 15

Similarly, 7 + 8 + 9 = 24

- 19. (b) Diamond is a transparent precious stone of pure carbon. Similarly, corundum is equivalent to Ruby.
- **20.** (a) Mathematics is based on logic, similarly experiment establishes or verifies the theory in science.
- 21. (d) Editor supervises magazine in the same way as director does in the case of drama.
- 22. (b) the foot of human being is analogues to the hoof of
- **23.** (c) 7*7=49+11=60,9*9=81+11=92
- **24.** (c) (9)2 = 81-1 = 80, similarly, (100)2 = 10000-1 = 9999
- **25.** (c) C = 24, D = 23
 - Position number of the opp. letter in English alphabet
 - Thus, B = 25, A = 26
- **26.** (b); 687=6+7+8=21 is the place value of U in alphabetical sequence. Similarly, 456=4+5+6=15 is the place value of 0.
- 27. C;
- **28.** B:
- **29.** C; As, $68 = 4^3 + 4$, $130 = 5^3 + 5$

and $350 = 7^3 + 7$

Similarly, Missing term= $6^3 + 6 = 216 + 6 = \frac{222}{}$

- **30.** A
- 31. D; NOPQ-MLKJ

$$\begin{array}{ccccc}
H & I & J & K \\
-1 \downarrow & -3 \downarrow & -5 \downarrow & -7 \downarrow \\
\hline
G & F & E & D
\end{array}$$

- **32.** A:
- **33.** D; B: 16:: D:?

As, B = 2 and $2^4 = 16$

Similarly, D = 4 and $4^4 = \frac{|256|}{|}$

- **34.** (c) 8-3=5, 5^2 , same sequence 9-2=7, $7^2=49$
- **35.** (c)
- **36.** (d)
- **37.** (d)
- **38.** (c)GHOST-HG and o remains stable position then TS.
- **39.** (a)4+20=24, 17+20=37
- **40**. (d)
